FSR Abstract Policy

- Abstracts can only be submitted online.
- We discourage splitting data from one study into several abstracts unless the amount of data cannot be condensed into a single abstract.
- Abstracts should not be submitted if the following applies:
  - the abstract has been published or accepted for publication in a print or online journal before the abstract deadline. Publication of the abstract in a scientific journal after the submission deadline is allowed.
  - the abstract was presented at a scientific meeting more than 12 months prior to FSR 2024.
- **Abstract Length and Format**
  - **4000 characters without spaces**
- **Only the following will count towards the 4000 characters (without spaces):**

  ⇒ Abstract title (minimum 15, maximum 300 characters)
  ⇒ Headings and content of the **abstract template,** structured into the following sections -

  - Research abstract:
    a. Background and Objectives
    c. Methods
    d. Results
    e. Conclusions
    f. References (optional)

  - Clinical Case/Case Series:
    a. Background
    c. Case or Case Series Presentation
    d. Discussion
    e. Conclusions
    f. References (optional)

- **Following Characters are not counted, but are part of final abstract:**

  ⇒ Author first names, middle initials and last names
  ⇒ Author affiliations
  ⇒ Acknowledgements including working group

- **Table and figures:**
  A total **maximum of any two figures, graphs, images or tables** is allowed per abstract, e.g. 1 graph and 1 table, or 2 graphs, or 2 images. Multi-panel figures are allowed.
- Abstracts can be re-edited and modified until the submission deadline. After the submission deadline, no changes are allowed.
